Re: Ex Parte - Verizon Declaratory Action - WC 02-202

Dear Commissioner Copps:

Mpower Communications Corp. ("Mpower") filed Comments in this docket indicating that all carriers have been damaged by the current downturn and that Verizon is merely using this situation "to further penalize its competitors regardless of whether they have continued to pay their bills in a timely fashion." (Mpower Comments, 8/15/02, p. 2) Mpower also pointed out that using \$250,000 in overdue payments as the trigger, without excepting disputed amounts, when Veriron bills are chronically inaccurate, would lead to <u>all</u> carriers having to provide Verizon with deposits or prepayments. Further, the tariff provisions would readily lead to drastic measures being taken by the ILEC.

Drastic measures are too readily taken by Verizon without the additional authority and shortened time frames included in the proposed tariffs. To illustrate just how quickly and injudiciously Verizon is willing to threaten its competitors with termination of its bottleneck services, Mpower has attached a copy of a letter sent by Verizon's attorneys to Mpower's bankruptcy attorneys subsequent to Mpower's exiting its Chap. 11 reorganization. This letter was sent on Tuesday, September 17 of this year and demanded compliance before 5:00 p.m. Friday, September 20. It stated, in part, as follows:

Currently, Mpower owes past-due amounts to Verizon...for post-petition utility services....If Mpower fails to wire transfer all past-due amounts to Verizon by 5:00 p.m. on Friday, September 20, 2002, Verizon will seek to enforce its rights...including, without limitation, termination of services.

Within 24 hours after sending this letter, Veriron belatedly recognized that it had errors in its billings and communications failures between its billing and collections departments. In fact, Mpower did not owe the cited monies. The error was made because Verizon bills are so inaccurate and unauditable that for many months, Verizon has agreed that Mpower pay, not from the inaccurate Verizon bills but according to a formula based upon the number of lines Mpower

orders and reports to Verizon. Thus, someone at Verizon jumped to the erroneous conclusion that Mpower was in arrears and without adequate investigation of the issue, sent a letter threatening to terminate services to Mpower in less than 72 hours.

Unfortunately, **this** is an all too typical ILEC scenario. ILECs do not need additional means to extort monies from CLECs, especially those that are paying their bills.

Sincerely,

Marilyn H. Ash

Re; In re Mpower Holding Corporation, et al.; Jointly Administered under Chapter 11

Case No. 02-11046 (D. Del.)

Dear Jonathan:

As you know, this firm serves as counsel to the operating telephone company subsidiaries of Verizoo Communications Inc. ("Verizon") in connection with the above-referenced bankruptcy cases.

I write on behalf of Verizon to demand that **Mpower** Holding Corporation and Mpower Communications *Corp.* (collectively "Mpower") pay Verizon's post-petition utility invoices. Currently, Mpower owes past-due amounts to Verizon totaling \$3,497,943.26 for post-petihon utility services. Enclosed is a listing of the specific accounts and the mounts owed on each account.

If Mpower fails to **wire** transfer all past-due **amounts** to Verizon by 5:00 p.m. on Friday, September 20,2002, Verizon will seek to enforce its rights **arising** from Mpower's failure to pay post-petition utility invoices, including, without limitation, termination of services.

I trust that Mpower will conduct itself accordingly.

Sincerely yours,

Heath J Vicente
